LHS cheerleaders demonstrate their skills and get the crowd pumped. They chant and cheer and are sure to be heard.

Juniors smile and pose, ready to take on the seniors.

The pep rally is an exciting break from the usual at Lowell High. It's a chance for students to show their pride. Whether a sophomore, a junior, or a senior, this day is remembered as a great day. Our first glimpse into this event, we sat quiet and listened to the juniors and seniors chant back and forth. As juniors we grew to love the rivalry, and wore our hand made shirts. Finally, as seniors, we stalked proudly into the gym, wearing our "senior" shirts, and took our places for our last pep rally. We chanted, clapped, and cheered like the generations of seniors before us. Proud to be seniors and to have been a part of Lowell High.

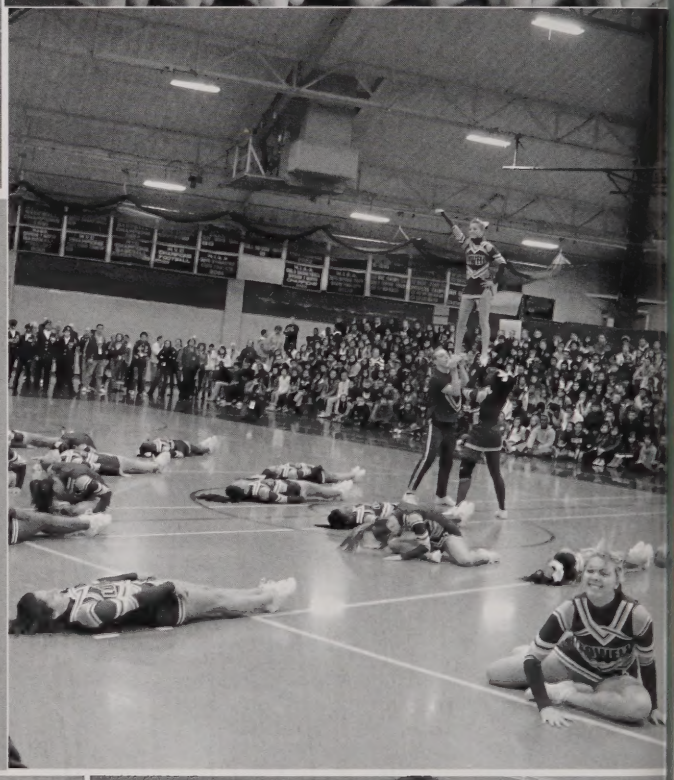
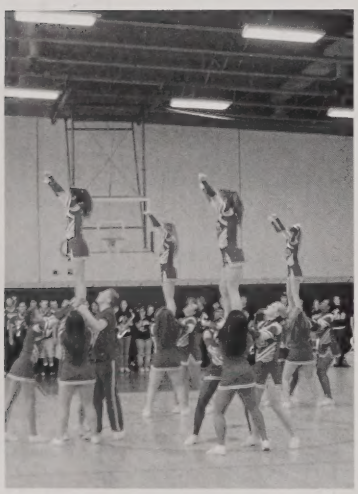
Seniors Alivia Abreu and Bryanna Laughlin take they time off cheering to take a picture for future memories.





There are many different opinions out there about cheerleaders, many good, and some bad. Some think of them as the girls standing by the football field, but cheerleading is a symbol of all the spirit that we can share, and a token of appreciation toward the team that's being cheered on. Cheerleading is such a vital part to many sections of the school. Lowell High cheerleaders are full of spirit and are always ready to cheer and pump the crowd. From their dance routine to volunteering around the city of Lowell the cheerleaders have it all.

Junior Varsity Cheerleading Squad

Despite losing twelve key seniors, the 2011-2012 boys swim team managed to finish with a 6-2 record in the dual meet season. Regular season highlights included five broken school records, a come from behind victory against Central Catholic, and the support of managers Anusha Chemicala and Heer Patel. Led by seniors Max Meehan and Pat Sullivan and juniors Erik Finn and Kevin King, the team overcame its lack of depth and showed its true caliber in the post-season. Lowell blew dual meet rivals Andover and Chelmsford out of the water at Sectionals and States. With only four qualifying athletes, Lowell defeated state powerhouses like Reading and Lincoln-Sudbury, and finished third to Minnechaug Regional by only four points at Division I States. The most impressive performances at States were the relays, when the distance guys and sprinters came together for a third place finish in the 200 Freestyle relay and second place finish in the 400 Freestyle relay. NO QUITTERS!

HEADMASTER

ED ROZMIAREK

To the Class of 2012:

Congratulations on reaching this milestone in your lives! For most people, graduation from high school is your first really serious accomplishment. You have spent twelve years of your lives coming to school, attending classes, doing homework, attending a variety of events, playing sports – in short, doing all the things that make up the lives of elementary, middle, and eventually high school students. And now, as graduating seniors, your diploma is the proof to the world that you have succeeded. Once again, congratulations on a job well done.

So now you have some big decisions ahead of you. What to do, where to go, who to be with.... Some of those decisions will be easy to make, and some will be quite difficult. But graduation from high school now means, at least, that the majority of those decisions will be yours. Not your parents' decisions, not your teachers' decisions – YOURS. You will be surrounded by friends and family to support you, but the direction your life takes is now up to you. I trust that Lowell High School has given you the background that you need to guide your future, and I hope that as the future rolls on in front of you, you will occasionally think back on your time here with positive memories.

Good luck to you all.

The academy experience contributes to student success, thus building confidence and empowering students to further their education and become contributing members of the global working community.

Latin Lyceum

in

our community

Established in 1999, the Lowell Latin Lyceum is a rigorous, four-year program within Lowell High School. This highly competitive public exam school challenges students to an intellectually stimulating environment that emphasizes a classical education. Students develop the capacity to think critically using classical works, allowing them to assess issues and develop informed opinions. Students learn to acquire information, grasp it intellectually, and use it purposefully. They expand on their ability to speak and write on any subject matter in a persuasive, compelling, and imaginative manner.

A core curriculum assures competency across the broad spectrum of academic endeavors, developing skills in communication, quantification, analysis, historical antecedents, modern sciences, the arts, and physical well-being. This rigorous program readies students for the finest undergraduate institutions. Furthermore, students gain competence in becoming lifelong learners and leaders in our rapidly changing society.

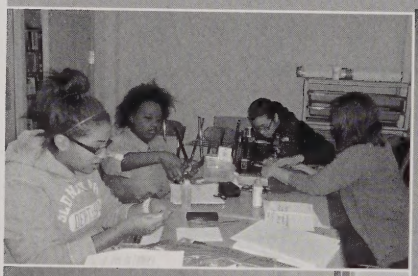
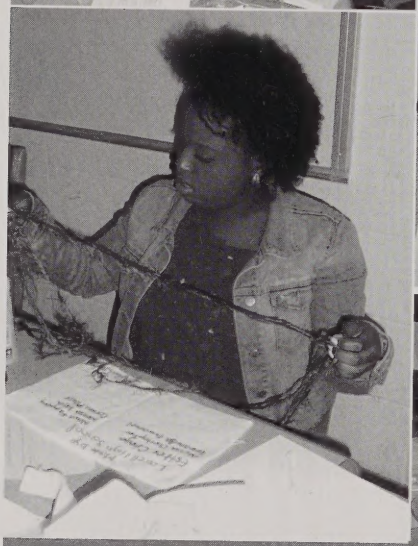
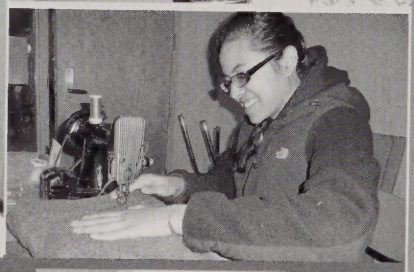
Lowell High Erudites

The Lowell High Erudites was established with the help of teachers and headmasters. Their advisor was Yvette Thomas. They gathered six African American and Latino Students to participate in the first Tenacity Challenge at Bedford High School against 11 different teams. The chosen were Alyssa Christopher, Nana Frimpong, Emmanuella Emanuel, Corinne Plaisir, and Melissa Mejia. The competition was based on school smarts, English, Physics, History, Math and Chemistry were the main components. With only a week and a half to prepare on the different challenges they were going to get evaluated on, the Lowell High Erudites went into the competition feeling a little intimidated but always with a positive perspective in mind. The LHE won two of the challenges and came third and fourth in the others. Overall they got FIRST PLACE and won a 500.00 scholarship. Lowell High School was proud for their accomplishment and for keeping the name of the high school as one of the most outstanding in Massachusetts.

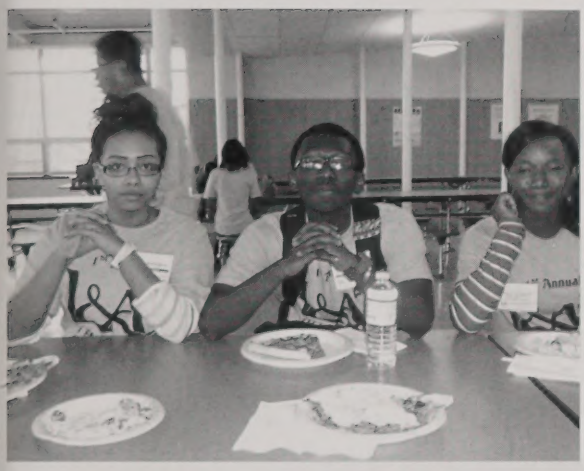


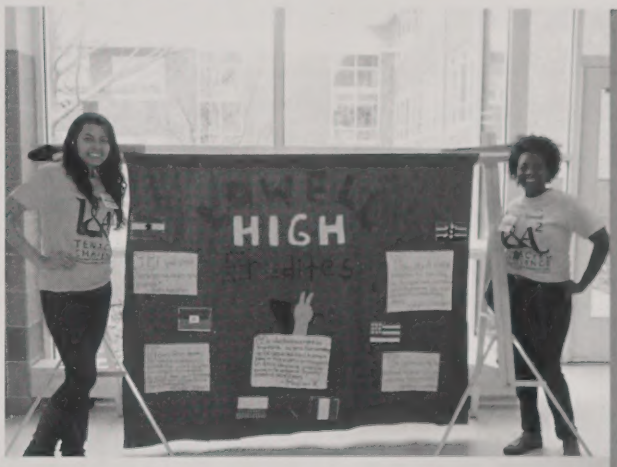




While at Bedford High, Lowell High school showed the other teams how they compete and "shopped" their way to success.

Yvette Thomas was a great supporter of the LHE. As their mentor she helped these six students achieve their goal. Be #1.





COOL THOUGHT

As a team we were really close, we succeeded because we were confident and knew we were able to accomplish whatever came our way. I am proud of my team and happy I got to spend time with them.

"When you go through life, always aim for the moon, because even if you miss it, you'll still land among the stars."
-Emily Anderson

If I could leave telling all of you one thing, I'd tell you to follow your heart. Do you, What you're passionate about and always give your all. Forget being practical, you only have one life and it is just beginning. You're always going to make mistakes, but life is about learning. It is too short to not do what you LOVE. Passion is the key to success, happiness and life.

~President Bourin You

You made it this far. Congratulations. Cherish every moment, because it will never happen again.

~Anon

I am not following my dreams. I am taking it, and controlling it. I know where I am going and I will get there. My years at LHS were fine. But better things are sure to come my way.

We have managed to make it through high school, some of us know where we want to go in life and others don't. Just remember to never give up and always reach for your goals because only you can make them reality. Remember to always be thankful for the life you have and be happy.

-Melissa Mejia

Thinking about all that I have been through, and still managed to graduate. All I can say Damn it took long enough! I know one day I'll look back and wonder how I ever did it. I've made my family proud, and proven to myself I am capable of anything.

Dedicated to Adam Kennan:

There was a brief moment of silence as the Lowell High baseball team, donning their maroon uniforms, huddled before its game against host Billerica. The initials "A.K." were clearly visible in maroon lettering on the right side of each of their white caps with the maroon bill.

With their hands clenched to the sky, the players shouted "One, two, three, A.K.!" before breaking the huddle, with looks of determination and pride.

The Red Raiders worked out of two, bases-loaded jams for a 2-1 win, thanks to a homer from senior shortstop R.J Noeland an RBI single by third baseman Chad Gens.
